Her sailing endeavors included work on supply boats, tugs, landing crafts, high speed catamarans, seismic and fisheries research vessels from the South Pacific Ocean to the Bering Sea. One of her shoreside adventures included being the Assistant Scientific Support Coordinator for the Pacific Northwest, Hawaii and Oceania with NOAA HAZMAT providing scientific support during Oil or Hazardous Material Spill Incidents to the USCG or US EPA. Her introduction to commercial shoreside operations began with Foss Maritime Company in the Health & Safety Department. In Dec 2007, she earned a Master's Degree from the Leadership Institute of Seattle in Leadership and Organizational Development. She continued her career as a Regulatory Training Manager for Crowley Maritime Corporation on the Gulf and East Coasts. Sarah stepped away from the maritime industry for a couple of years doing leadership and organizational development.
